The titles in Barrons Complete Pet Owners Manuals series make great introductions to the pleasures and duties of pet ownership for inexperienced and soon-to-be pet owners, as well as for older children having their first experiences with pet care. Attractively illustrated and filled with helpful information, these books advise on purchasing, housing, feeding, health care and where applicable, grooming and training pets. Each book is individually written by an expert a trainer, breeder, veterinarian, or other animal specialist. Barrons Complete Pet Owners Manuals cover every popular dog and cat breed, as well as bird varieties, hamsters and other small caged animals, fish varieties for aquarium hobbyists, terrarium pets, and even exotics, such as reptiles, amphibians, and scorpions. All books have 70 or more color photos plus instructive line art. Then you can start reading Kindle books on your smartphone, tablet, or computer no Kindle device required. Heavily illustrated with vivid color photos and instructive line art, B.E.S. Complete Pet Owners Manuals show and inform pet owners regarding proper care of dogs, cats, birds, fish, reptiles, amphibians, small caged animals virtually every creature that is kept as a pet. The books give advice on purchasing and otherwise acquiring a pet, feeding it nutritiously, keeping it in good health, and where applicable, grooming and training it. Each book in this large series is individually written by a specialist, and though the information is authoritative, the text is clear and straightforward, easy for every pet owner to understand. Then you can start reading Kindle books on your smartphone, tablet, or computer no Kindle device required. It also analyzes reviews to verify trustworthiness. Please try again later. Paige Turner 2.0 out of 5 stars I had hoped for insights, and tips based on years of real experience with Koi. Yes, the photos are nice, but I am overall disappointed and looking for another reference. The photographs of various colorations of fish and their names was very important to me. With this knowledge You know the quality of fish that you might be buying. The book was very complete with feeding, types of food and all kinds of health issues plus how to diagnose those problems. The section on types of medicines and health problems was very complete. I inherited a koi pond along with a healthy stock of koi when I purchased my new home. Found some information online, but just wanted a simple primer on the basics. I have small fish not those monster beauties, but wanted some basic information. This book provides everything you might want to know in pretty concise form. I'd recommend this for anyone like me, just looking to keep my koi alive and healthy! Worth having because finding information on the internet about koi is inconsistent and time consuming. They thought it was helpful. Very informative. Sorry, we failed to record your vote. Please try again Sorry, we failed to record your vote. Please try again But I would have preferred a British book. This is written by an American on koi keeping. I must admit I found some parts on checking the pond water a bit too technical for me. Sorry, we failed to record your vote. Please try again Having done so, I would recommend this book. It covers all aspects of koi keeping and I would recommend this book for all amateur koi keepers. If there is a downside I would say that it's because the book is American but as fish keeping is the same, then I don't think it matters. Sorry, we failed to record your vote. Please try again As a beginner I found this too hard and technical to follow and it blew my mind.

Have a basic understanding first if you decide to buy this book! Sorry, we failed to record your vote. Please try again Sorry, we failed to record your vote. Please try again Great Danes are a wonderful breed, but there is a lot about them that people don't know. Like just HOW BIG they are or will be. Great illustrations and a nice reference for later on! Sorry, we failed to record your vote. Please try again This book helped me so much. Danes are so different than any dog. I recommend this book to any new Dane parent. I've even loaned my book out to other friends who were new parents. That's how satisfied I am with this book. This was my very first ordering off of line and I'm pleased with Amazon. We now have 3 Great Danes Sorry, we failed to record your vote. Please try again Sorry, we failed to record your vote. Please try again Sorry, we failed to record your vote. Please try again Sorry, we failed to record your vote. Please try again Sorry, we failed to record your vote. Please try again I've been seriously thinking about having one and this book was a reality check on what life with a Great Dane will be like. Sorry, we failed to record your vote. Please try again Great for those considering a Dane. Author presents a well-rounded book about care of Danes as well as promoting the larger-than-life responsibilities that go with owning a Dane. I thought the author did a great job describing the nature of a Dane and the essential need for training a breed this size. Overall, good book for new owners and good refresher for anyone who hasn't owned a dog in a while. Sorry, we failed to record your vote. Please try again. The typical cat its origins, temperament, abilities and more. Expert advice selecting, feeding, health care, and play activities. Appreciating your cat understanding its body language and vocal language. Advice on keeping your cat healthy and contented. Useful addresses and references. Filled with handsome full-colour photos. You'll find descriptions of many popular breeds in this manual. All Rights Reserved.
